**Insource Selected by the Japanese Nursing Association as the operator of
the "Construction Project to Deliver Online Training System"
-To support lifelong learning and reskilling of nursing professionals nationwide with our multi-
device LMS "Leaf Lightning"**

Insource Co., Ltd., (hereafter referred to the Company), a company that helps organizations solve problems through the power of education and IT, is pleased to announce that the Company has been selected by the Japanese Nursing Association as the operator for the "Project to Construct, Deliver, Operate and Maintain an Online Delivery Training System" (hereinafter referred to as the "Project").

This Project will provide operational support from the construction of an educational system that will be used by users throughout Japan to support a new educational project that will realize "lifelong learning" for nursing professionals throughout Japan.

The Company has been selected for this Project based on its outstanding achievements with Leaf, Japan's largest LMS (Learning Management System) with approximately 2.8 million users (as of the end of July, 2023), multi-device specifications ideal for on-demand education, and integrated services with payment processing agents. This Project will not only improve convenience for attendees, but also reduce the workload of the administrative operations.

The Company will continue to contribute to support lifelong learning and skill development of nursing professionals throughout Japan.
